WORK-BASED LEARNING AND LEADERSHIP OPPORTUNITIES

WORK-BASED LEARNING

Work-Based Learning (WBL) is comprised of experiences related to students' career interests, based on instructional preparation, and undertaken in partnership with local businesses or organizations. WBL enables students to apply classroom instruction in a real-world work environment. Work-Based Learning promotes career awareness, career exploration, and career preparation.

CAREER AMBASSADORS

The Career Ambassador Program offers high school seniors an opportunity to represent and share their experiences with career exploration and our CTE programs to prospective students and community supporters through elementary + middle school visits, career fairs, and district-wide events.

STUDENT LEADERSHIP ORGANIZATIONS

The **Technology Student Association (TSA)** enhances personal development, leadership, and career opportunities in science, technology, engineering, and math (STEM), whereby members apply and integrate these concepts through intra-curricular activities, competitions, and related programs.
