

Financial Aid

Financial aid is available through several sources. Some of these are described as follows:

Pell Grant: Adult citizens or permanent residents of the U.S. with sufficient financial need are eligible. The amount awarded is based on the student's personal/family income for the preceding year and in which phase of the program the student is enrolled. Pell Grants are not loans and do not need to be paid back. Application for a grant can be made after admission to the program. The grant is awarded after the applicant has attended classes for 30 days.

Guaranteed Student Loans: These are low interest loans made to the student by a lender such as a bank, credit union, or savings and loan association. The student must repay these loans.

Capital Area Training Consortium: Students meeting certain requirements may be sponsored by this agency. Call 226-0885 for information.

Veteran's Administration: Students meeting requirements for the Veteran's Administration may receive aid from this agency.

Scholarships: There are several scholarships of varying amounts available which do not need to be paid back. Each has its own criteria. A few organizations awarding scholarships are:

- Mildred A. Mason Memorial Scholarship Foundation
- Virginia Health Care Association
- HOSA Scholarship

Contact the Coordinator of the School of Practical Nursing for further information.

In order to receive financial assistance, the student must file a *Free Application for Federal Student Aid* (FAFSA), to include a Master Promissory Note and Entrance Counseling.

Information for filing the FAFSA can be found at:
